Help! Roundtables for exchanging ideas on planning and managing your GDPR compliance programme: 09.30-17.30

30 November 2017
31 January 2018
28 March 2018

Designed and Produced by ProCreative, Tel: 0800 228 9846

This series of 3 one day roundtables for peer group exchange will focus on managing the EU General Data Protection Regulation (GDPR) compliance process. Regulators and policy makers will not be invited to these roundtables.

Whatever happens with Brexit, your organisation will continue to trade with some of the 30 countries in the European Economic Area and you need to ensure that your organisation is complying with the GDPR.

The emphasis will be on sharing experience to help you organise and manage the process rather than giving legal advice on the impact of the GDPR. These roundtables assume that you have learned the basic elements of the GDPR.

Roundtable hosts will report on progress in their organisations. You should expect to discuss your plans with the group. Everyone learns and benefits from this participatory process.

Each group will be limited to 25 people to facilitate discussion in a relaxed atmosphere. A summary will be prepared after each session by Privacy Laws & Business on a non-attributable basis for distribution to the group.

Everyone who registers may suggest amendments within the scope of each session so that the programme is closely aligned with your needs. Lunch included, ideal for networking.

You should e-mail stewart.dresner@privacylaws.com with your offer to share your experience of what you are doing, or planning to do, on one or more of the points in the programme, and suggestions for amending the programme.
